

Rx DRUG ABUSE!

Why is it important to safely dispose of unused prescription drugs?

Together we can remove potentially harmful and addictive **unused Rx pills** from our community.

7% of Tuscarawas County high school students have reported misusing Rx drugs.
(2015 Tusc. Comm. Health Assessment)

In Ohio, there has been a **485%** increase in drug over dose deaths from 1999 to 2012.
(Ohio Department of Health)

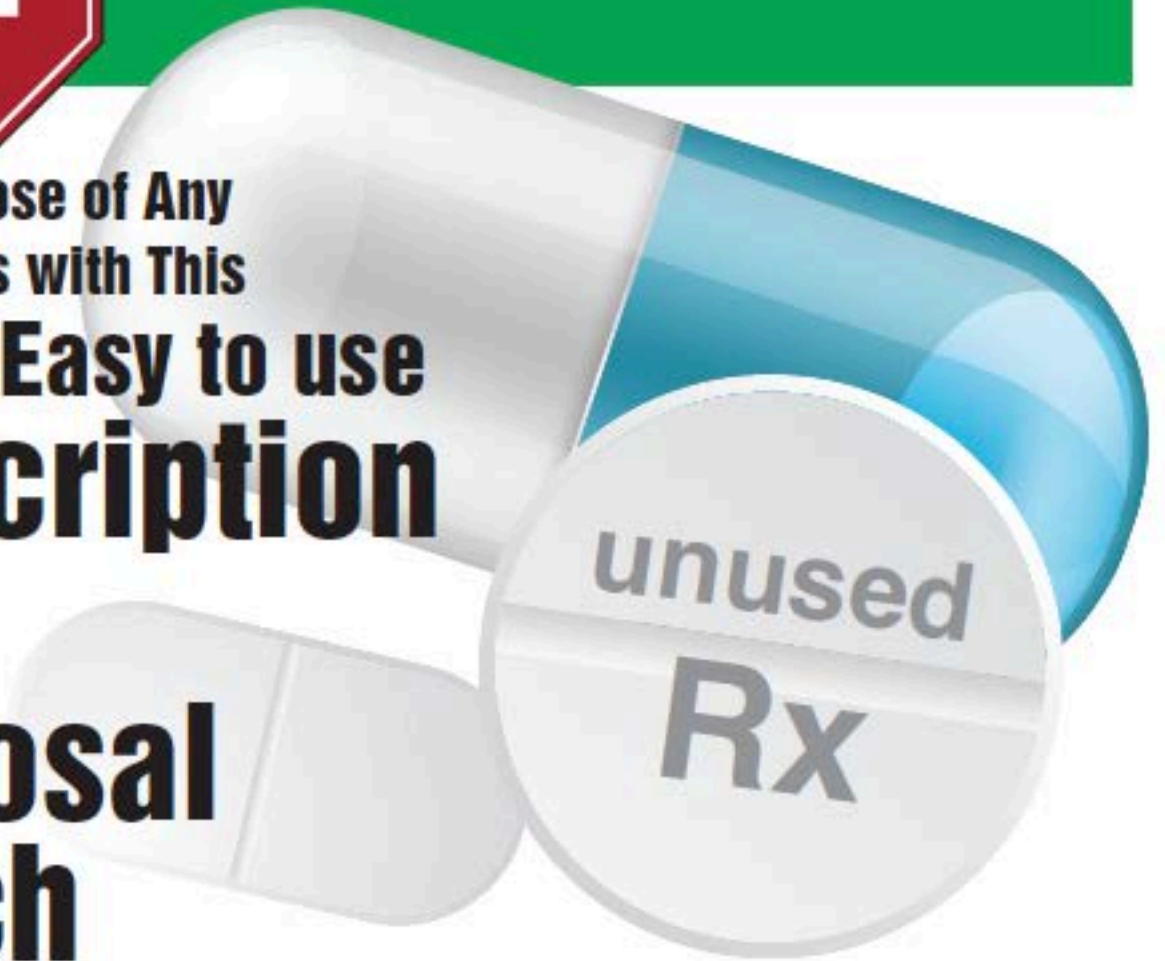

4 out of 5 heroin users first began with recreational use of prescription pain relievers.

(Substance Abuse and Mental Health Services Administration)
